DETAILED ACTION

Response to Amendment

1. Claims 27, 44, 51 and 52 have been amended as requested in the amendment filed on March 09, 2006. Following the amendment, claims 27, 32, 33, 44, 45, 48-54 and 56-60 are pending in the instant application.
2. Any objection or rejection of record, which is not expressly repeated in this action has been overcome by Applicant's response and withdrawn.
3. The Declaration of Dr. Lannfelt under 37 CFR 1.132 filed March 09, 2006 is sufficient to overcome the rejection under 35 U.S.C. 112, second paragraph of claims 27, 44 and 51 (see section 8 of the previous office action of record).
4. Claims 27, 32, 33, 44, 45, 48-54 and 56-60 are allowed.
5. This application is in condition for allowance except for the following formal matters:

The abstract of the disclosure is objected to because:

Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided (emphasis added by the Examiner). The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

Correction is required. See MPEP § 608.01(b).

Art Unit: 1649

6. Applicant is advised that the Drawings of the instant application are not in compliance with 37 C.F.R. § 1.84(u) for reasons of record in section 6 of Paper mailed on November 19, 2002 (see also Applicant's reply of April 02, 2003 at page 7).

7. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
